Please note: There is now an APP for IPADS, IPHONES, TABLETS, AND WINDOWS PHONES. We will also have a school computer dedicated to anyone having difficulty finding time to complete assignments at home due to hardware issues. Some students may have to arrange for after school time to complete their assignment while at school. We encourage everyone to at least use the software for daily practice. The only issues we have encountered is recording and submitting to the director. Practicing is the #1 reason for the software. Assessment is important but secondary.
